# QCHAMP WEATHERTOUGH BELT BARRIER SET

Dependable Barriers for Any Weather

**pittman**<sup>®</sup>

## OVERVIEW

The QChamp WeatherTough Belt Barrier Set is designed for managing outdoor spaces, providing reliable crowd control and access restriction in any weather.

Its heavy-duty base keeps the barrier stable, while the colorful 10' belt system features an integrated brake to prevent sudden snaps reducing the risk of accidents.

Whether it's guiding pedestrians in hazardous winter conditions or managing crowds at summer events, the QChamp WeatherTough Belt Barrier Set delivers reliable crowd and access management, making your outdoor spaces safer and more organized.

## PRODUCT FEATURES

- Heavy-Duty Base - Provides stability in all weather conditions for secure crowd management.
- Colorful 10' Belt with Brake - Smooth, controlled retraction reduces accidents and ensures safety.
- Weather-Resistant Design - Performs reliably in both winter hazards and summer events.
- Versatile Application - Ideal for outdoor spaces requiring safe and organized access control.

## TECHNICAL DATA

SPECIFICATION	DETAILS
Material	Plastic & Rubber
Color	Yellow & Black
Height	35.82 in
Post Diameter	2.48 in
Base Diameter	20.08 in
Weight	19.5 lbs
Belt Color	Black & Yellow Striped
Belt Width	1.89 in
Belt Length	118.11 in
Use Cases	Designed for outdoor use, ideal for managing pedestrian flow and access in all weather conditions.

### WEIGHTED BASE

20-lbs heavy rubber base ensures the posts stay in place.

### HAZARD PATTERN

The yellow post and striped belt makes the barrier highly visible.

## HOW IT WORKS

**1. Assemble the Post:** Start by screwing the post into the base to get it ready for use.

**2. Connect the Belts:** The post comes pre-loaded with a 10-foot belt. To set up, simply pull the belt out and connect it to another post.

**3. Retract the Belt:** When you are finished using the barrier, unhook the belt from the other post and gently guide it back into the post.
